

TREE BINGO

INSTRUCTIONS

If you can, print this page, put it in a reusable plastic sleeve, and go on a walk outside. Mark off what you see with a whiteboard marker.

If you can't do that, take a photo of this page on a phone, and write down the things that you find as you go along. Five in a row - horizontal, vertical, or diagonal - gets you a **BINGO!** Print other pages for multiple players to compete.

Remember to go outside with the permission of an adult, and stay 6 feet away from others. But you can get as close to the trees as you'd like !
